"Your website is SO easy to use! I've had a great time setting it up, and I can't tell you the hours you saved me, as I was about to embark on redoing our other websites. Using Homeschool-Life.com was a life-saver for me, and my kids.

Thank you for offering this service. I think it will make a big difference to our membership."

"I was impressed by your site, (received a brochure from a homeschool convention and went home and checked you out). I have not been disappointed. You guys are very professional – which makes our group look professional.

You were exactly what I was looking for to help our support group 'go to the next level'."

"I wanted to take the opportunity to thank you for your website service. I am with a support group in South Carolina, and this is our second year with Homeschool-Life. Your web service has been a God-send! It's more than affordable, easy to use, and makes my life as the group administration so much easier! I also wanted to add that I love the new features added this year. I especially like the addition of the event sign-up right here on the website! Keep up the GREAT work!"

"Hello again! Well, we've exceeded our 175 members anticipated. As I've mentioned before, our new website has breathed new life into our group! At this point, I expect we will be pushing 250 by the end of September. Thank you again for making such a wonderful product! I was sharing our success and new energy resulting from the website with the leadership of the Texas Home School Coalition.

Homeschool-Life.com was the buzz of the THSC State Homeschooling Convention. You make a great product. Just wanted you to know that our new website has enabled our leadership to focus on leading and encouraging instead of on administrative tasks. Thank you!"

"Thanks again for all you do. I don't know how we managed before we had this amazing site!"

"I am working with my fellow support group leaders on our homeschool website. I just wanted to take a minute to tell you how appreciative I am for your program. I have run a statewide homeschool accountability assoc. for the past 5 years and I have tried to have something like this programmed for our group. For the past 2 years we've had local programmers set up an online enrollment for us but it has never been quite what we needed. When I saw how easy it was to use the site, set up the enrollment form, and manipulate the data, I was ecstatic to say the least! My husband was overjoyed to know that I wouldn't be stressed over the data and parts of the enrollment process that weren't working as they should be. You do not know what an answer to my prayers your work has been. Thank you for making this available to the homeschooling community.

I will be sharing this information with other associations in our state. Thank you again and I look forward to our new school year working with Homeschool-Life!"
