Highschool Tutored Classes

ASL- Sign Language (ages 12 and above)

Are you wanting to learn American Sign Language and about Deaf culture and history? Then this is the class for you!

Through this interactive class, you will gain an understanding of how ASL formed in the United States and how it has developed and changed over time. You will be able to start conversing with people who know sign when speaking aloud isn't an option. You will learn about Deaf culture and the norms of the community. This is a great introductory course to teach you more about sign language and deafness. Supplies needed: paper and writing utensils, and the book, **A Basic Course in American Sign Language** and the **Student Study Guide to a Basic Course in American Sign Language**.

Consumers Math (Grades 9-12)

Consumers Math is a course designed to help students with practical skills that they will use in everyday life. They will learn about creating and balancing a budget, stewardship, filing taxes, and planning for future expenses. Curriculum is to be announced soon.

Foraging (ages 14 and above)

God has given us a world filled with plants that can serve us in so many ways. Come with me on a journey of discovery as we learn about herbs; how to identify them, when and where to harvest, preparing and preserving them and how to best utilize them. I will introduce one herb per week and will demonstrate how to make many different useful applications: poultices, creams, ointments, infusions, tinctures and more. Supplies needed; paper, writing utensils and required book, **Practical Herbalism by Philip Fritchey, MH, ND, CNHP**.

Marine Biology (Grades 9-12)

Our award-winning marine biology curriculum is now more colorful and exciting than ever! The updated second edition takes your student under the sea to explore the many wonders of marine wildlife and habitats. Topics covered in this edition include everything from microscopic organisms that make life in the ocean possible to macroscopic marine creatures such as clams, starfish, and sharks. Students will discover how these creatures and their physical surroundings form marine ecosystems such as intertidal zones, estuaries, coral reefs, continental shelf communities, epipelagic communities, and deep-ocean communities. **Exploring Creation with Marine Biology 2nd Edition**

Elementary Tutored Classes

Elementary ASL- Sign Language (ages 8-11)

This class will be offered for the fall semester and possibly over the second semester as well, depending on how many students want to continue on. The first semester will run from September 11- January 15th. It will be \$175 before August 1st or \$200 after August 1st.

Cheryl Bliss, nationally certified interpreter and wife to a Deaf husband, will be teaching your children using the immersion method. This will be a hands-on active, moving, class. They will learn through play, short clips, and copying methods.

Elementary Tutored Math Class

This fall, Donna Rich is offering this elementary tutored math class, ideal for ages 6-11. She has over 25 years of experience homeschooling her own children. Mrs. Rich will assist students who are struggling with mastery. They are to bring the curriculum or any materials currently being worked on at home.

These classes will meet from September 11- January 15th and will cost \$175.00 before August 1st or \$200 after August 1st. If you don't want to commit to a whole semester, she is offering drop in classes for \$15 per tutored class period.

Elementary Tutored Reading and Spelling Class

This fall, Donna Rich is offering this elementary tutored reading/spelling class, ideal for ages 6-11. She has over 25 years of experience homeschooling her own children. Mrs. Rich will assist students who are struggling with mastery. They are to bring the curriculum or any materials currently being worked on at home.

These classes will meet from September 11- January 15th and will cost \$175.00 before August 1st or \$200 after August 1st. If you don't want to commit to a whole semester, she is offering drop in classes for \$15 per tutored class period.

IMPORTANT NOTE: All members must sign the *Participation Waiver Form*.

Students must be supervised by parents when not attending classes. Neither CACHE nor the Church of Christ is liable for your child nor do we accept responsibility for your child when they are not in class. The role of the tutor is to assist you, the primary educator of your child in your child's education. Parents are always welcome in the classroom.
