

April 2017

A Note From Your President.

"Doth not even nature itself teach us." (I Corinthians 11:14a)

"The heavens declare the glory of God; and the firmament sheweth his handiwork." (Psalm 19:1)

From the beginning of *Genesis*, the earth as we know it, is just one awesome scientific lesson that was created to the complete satisfaction of its Creator.

"And God saw every thing that he had made, and, behold, it was very good." (Genesis 1:31)

And ever since that time, mankind has been intrigued with solving the mysteries of science. And our children are no exception, so it is with great anticipation that we see what they have learned and brought to share with us tonight for the TORCH Science Fair 2017.

Your President
Robin Taylor
