

AREA SUPPORT GROUPS

In order to have a group listed, you must:

- be associated* with the NDHSA
- request inclusion

*Association with the NDHSA means you are willing to send us your newsletter (if you publish one) and will include information about the NDHSA activities (e.g., the annual state convention) in your publications and through your support group meetings. We are real easy to work with!

Contact the NDHSA state office for more info: office@ndhsa.org

NOTE: This is our most up to date list of support groups. Some groups are no longer active, but an area contact is listed. Please let the office know when changes occur.

NDHSA support group leaders, please make a note on your calendars to attend the annual support group leaders get together at the state convention.
