Important Note:

There is no way to possibly anticipate every organizational, ethical, or moral situation/conflict, nor do we attempt to. Rather, these are a basic set of guidelines based on the truth that we are to love the Lord God with all our heart, soul, and mind, as well as love our neighbors as ourselves.

Any issues that arise and are not specifically covered in this handbook will be addressed by leadership, who strive to make decisions based on Biblical principles.

“All scripture is breathed out by God and is profitable for teaching, for reproof, for correction, and for training in righteousness, that the man of God may be complete, equipped for every good work.”

II Tim. 3:16.

VERITAS GENERAL POLICIES AND PROCEDURES

Commitment Form

For the safety of your children, a Veritas Commitment form is required for each family. This form must list each of your children and must be filled out completely and signed by both parents. Any family that is bringing a student visitor must submit a Medical Release form signed by the student's parent in order to attend Veritas for the day.

Discipline

In general, the Matthew 18 principle should always be used when dealing with general behavioral discipline issues: talk to the child first. If that does not resolve the problem, contact the parent. If the parent doesn't attempt to remedy the problem, contact the Director to initiate a sit-down meeting between the parent, teacher, and Director. In the case of extreme misbehavior (eg, fights, disrespect to teachers, etc.) leadership may choose to advance immediately to the discipline process.

Following is a copy the Behavioral Discipline Warning form that will be filled out if the problem makes it to the Director. All members, both student and adult, are subject to this discipline policy. The policy is addressed to students for misbehavior; however, the leadership team in a similar fashion as described below will address teachers who display inappropriate conduct.

Legal disclosures

All members are required to disclose any legal prosecution/conviction of any adult or student living within their home. Any adult/student with a diagnosis regarding mental health must disclose to Director only.

Following is a copy the General Homework Discipline Warning form that will be filled out once the student has missed/forgotten 4 homework assignments. Please refer to the General Upper Level Homework Policy

Veritas Written Discipline Warning for Homework Issues

(Please see your VCHG Handbook for expectations and Student Responsibilities)

Date _____

Dear Parent(s)/Guardian of _____

This Discipline Warning is being initiated for noncompliance of our Homework Policy as detailed in the signed *Student Responsibility* form as well as our general guidelines as set out in the *Student Handbook*. This warning involves a possible four step process and may result in the removal of your student from the class and may even warrant possible withdrawal from the entire Veritas program.

Please sign below on the appropriate line:

_____, Teacher _____, Director

_____, Student _____, Parent

Written Warning #1: This form is initially filled out

At this point, the student has already not turned in 3 homework assignments. The 4th incomplete/forgotten assignment initiates this policy. Step one is filling out this form. **The student may also be asked to leave class and complete the missing assignment in the teachers' lounge.** They may return to class when it's completed. There will be a meeting with the parent/teacher/leadership to inform everyone that this process has been started. Attendance the following week will be allowed provided he/she has submitted a written apology to the teacher. This apology will be handed in to the director by 9am the next week. The director will deliver it to the teacher. **
If it is a one-trimester class, student will be expelled from the class permanently and placed in study hall. No refund will be issued and the parent is still responsible for fulfilling their commitment to VCHG.

Written Warning #2:

If a second warning is necessary, this form will be dated and there will be another meeting with the parent/teacher/leadership. **The student may also be asked to leave class and complete the missing assignment in the teachers' lounge.** Attendance the following week will be allowed provided he/she has submitted a written apology to the teacher. ** **If it is a two-trimester/one semester class, student will be expelled from the class permanently and placed in study hall.** No refund will be issued and the parent is still responsible for fulfilling their commitment to VCHG.

Written Warning #3:

If a third warning is necessary, this form will be dated and there will be another meeting with the parent/teacher/leadership. **The student will then be expelled from the class permanently and placed in study hall.** Any subsequent incomplete homework or behavioral issues may result in expulsion from VCHG. No refund will be issued and the parent is still responsible for fulfilling their commitment to VCHG.

#3 Written Warning #3: Date _____ Expelled for remainder of the year.

Fund Raising

The products or services sold should benefit our members and should be of excellent quality or value. We want to give families the opportunity to defray some of their tuition expenses by participating in fundraisers. Please understand that fundraisers are VERY important. Money that is earned through these events help to pay group expenses that would otherwise be passed on to our members in the form of higher tuition.

Kroger Community Rewards Fundraising Program (Effective May 1, 2012)

Members may enroll their Kroger Plus Card at www.krogercommunityrewards.com, using Veritas' organization number, 80196. Every time an enrolled member shops at Kroger using his or her Kroger Plus Card, Veritas will earn reward points, which will be paid to Veritas quarterly. Registering to earn points for Veritas is open to all members as well as non-members.

Legal Name

The legal name of our group is **Veritas Christian Homeschool Group**. Checks should be made payable to this name. This is also the name that should be used on all paperwork or when organizing events on behalf of the VCHG.

Paid Teachers

Veritas attempts to utilize the full range of talents provided by the membership. When needs cannot be met by membership, we solicit outside sources for either paid or unpaid classes. These teachers negotiate the terms of their services with leadership and sign a contract that will bind them, in goodwill, to our members, our students, and our classes. Through this process, we have built a reputable relationship with many guest teachers.

Because many negotiations are based upon student enrollment minimums, it is very important that our classes stay above certain predetermined numbers, so we do not breach our contract with the paid teacher. In the past, through students randomly dropping classes, we have had difficulty remaining faithful to these terms of agreement. Our guest teachers negotiate fair, and often, lower than average fees as a favor to Veritas families. When the numbers fall below the contracted per student cost ratios, the teacher is under no obligation to continue with us.

To guarantee that our contracted teachers receive the negotiated prices and that our committed students do not lose the teachers' services before the year is over, parents will be asked to sign a contractual promise to pay for the year's services even if their student drops the class sometime during the year. We regard our guest teachers as an extension of our co-op. If a member is in breach with a guest teacher, (s)he will be considered in breach with Veritas in general and may lose membership privileges.

Refunds

There will be a \$50 **non-refundable** deposit for fall registration. This deposit will be credited toward the tuition for the first trimester, leaving the tuition balance, which will be due the first day of classes. A \$50 **non-refundable** late fee will be charged for any registrations after the January due date determined by the Secretary. This fee will not be credited toward tuition.

Responsibilities

In accordance with our Vision Statement and our Mission Statement, VCHG exists to help meet the academic and social needs of our students and the needs of our parents. These objectives can best be met when our interactions are bathed in the love, grace and forgiveness of Christ.

Each of us has a fundamental responsibility to believe the best of others and to celebrate the uniqueness that has been carefully crafted in each person by our Creator. There is no stereotype of what each of us should look like, except that we reflect the love of Christ.

Returned Checks

In the event a check is returned to Veritas due to insufficient funds, all fees associated with the returned check, as well as the amount of the original check, are the responsibilities of the member/payer.

VERITAS INDIVIDUAL LEADERSHIP RESPONSIBILITIES

“Let us therefore make every effort to do what leads to peace and to mutual edification.” Romans 14:19.

- 9) Once new member registers on the website, Registrar contacts new member to complete student and teacher placement.
- 10) New Member Meeting after the end-of-year meeting for Leadership

VERITAS REGISTRATION PROCESS/POLICIES/PROCEDURES

The Veritas Christian Co-op Registration process is supervised and managed by the Registrar. The process has been divided into 3 steps: 1. class and teacher solicitation, 2. mock registration, and 3. final registration. Each step is conducted at a separate time, and the co-op members follow a specific set of procedures for each event. All class prerequisites must be met before students can register for classes. (Please see the Prerequisite Policy for more info.)

CLASS AND TEACHER SOLICITATION: *The goal of the “class and teacher solicitation” is to gather input from each of the membership regarding the classes the co-op families would like to see offered the following year. Members are asked to either teach or assist in the classes being offered. This is the very heart of our cooperative effort at Veritas. Our success as a co-op is dependent on our ability and willingness to work together.*

- **At the beginning of January members will be required to submit the following year’s “Commitment Form” and \$50 deposit. They will then be given their “registration ranking number.” No one who has not submitted a Form will be allowed to place their names next to a class submission, as it’s imperative we only vote on classes that have a committed teacher. A late fee of \$50 will be added if form OR deposit is received after the due date communicated by the Secretary.**
- During mid-year, usually sometime in January, the registration coordinator will set out a large bulletin board with blank suggestion cards attached. We ask the membership to make suggestions of new classes that their families would like to see offered the following year.
- The blank suggestion cards ask for details such as the type of class, the intended curriculum, possible teacher, amount of expected homework, and potential class fee.
- We solicit ideas for grades 1-12. The ideas are arranged according to class levels (I.E. 1st-2nd, 3rd-4th, 5th-6th, 7th-12th). The pre-school and kindergarten classes follow a curriculum determined by the teacher and coordinator.
- A list of classes previously offered by the co-op is provided for referrals.
- Gaps and repetitions in the proposed classes (e.g. not enough 1st grade classes, teachers needed for suggested classes) will be communicated to the membership and more ideas solicited.
- Drawing from the interviews conducted throughout the year between the registration coordinator and the membership, classes will be linked to teachers. We prayerfully try to match classes with individual gifts and talents.

- Based on teacher availability, room availability, and the needs of the academic agenda, a preliminary list of classes will be created. This list of class suggestions and possible teachers will be the “ballot” used to “vote” on classes during the first mock registration.
- At the junior and high school levels, there may be a demand for a class with no teacher available. Hiring a paid teacher may be considered. If this happens, the cost of hiring the teacher would be passed on to the families with students taking that class.
- The process of soliciting ideas will take several weeks and will be done during regular co-op hours.

PRELIMINARY REGISTRATION: *The purpose of the “mock registration” is to ask the membership to vote on the classes that are most beneficial to their families. The classes with the highest number of votes will make it to the final registration step.*

- The preliminary list of classes will be provided to the membership, either through email or printed copies.
- The class description list will include the teacher expected to lead the class, the duration of the class (e.g. 1 trimester, 2 trimesters, or 3 trimesters), the intended curriculum, the expected amount of homework (e.g. minimal, moderate or significant), any book or class fees, and an explanation of the class’ purpose.
- Because our year is divided in trimesters (three 10 week sessions) and our morning is divided into 3 one hour periods, each student will have the option of choosing 9 classes and listing them in order of preference. There are also optional afternoon classes with 2 periods per 10 weeks which would add 6 more class options.
- The Leadership Team will be available to answer questions and help you through the procedure.
- There may be a preliminary Mock and final Mock provided

FINAL REGISTRATION: *The “final registration” is the time that the current membership actually registers their children for classes for the up-coming school year.*

- The family’s “Commitment Form” and \$50 deposit, are due before registration. This allows us to plan the next year’s classes and teachers according to those who are committed to staying through the following year. If the family “Commitment Form” is not turned in, you will not be permitted to participate in registration.
- After the list of classes from mock registration is tallied, the Leadership Team led by the Registrar will arrange classes and periods and prepare the final registration forms.
- The final registration takes place during regular co-op days, usually in April.
- Families will be registered one at a time, according to rank, using the registration numbers earned from a combination of seniority, classes taught, and service points. Leadership is ranked first, followed by members with the highest combined number of points: Refer to the Service Area document in the Appendix to determine the points for each service area. Below is a basic summary:
 - o **Lower level teachers acquire 1 point per trimester**
 - o **Upper level teachers acquire 2 points per trimester**
 - o **Three points for each family that stays all 3 trimesters of afternoon classes. None for anything less than total attendance all year long.**
 - o **Each year of seniority equals 1 point**
 - o **Service points**

- Your registration ranking is only applicable for the initial registration. If you later decide to move your child to another class, they will be at the bottom of the class list and will lose their ranking number.
- The Leadership Team will be available to answer questions and help you through the procedure.
- **Please note: *specific classes are not guaranteed.***
- Classes are filled based on room availability and special teacher needs.
- When a particular class reaches the cap, the class will be considered closed. Some classes may have smaller caps due to content. A list of classes requiring a special cap size and the number of the cap will be provided.
- If you register for a class that closes before your seniority number comes up, your child will be placed on a waiting list. The waiting list will follow the same seniority format as final registration.
- **PLEASE NOTE: Once your registration date is announced, it will be your responsibility to make sure you register on that day. If you fail to do so, you will lose your place in the process.**
- The Leadership team will occasionally have to evaluate the need for paid teachers. Fees for hiring teachers will be established and a fee schedule set for potential students choosing those classes as much as is possible before registration.
- After the current members' children are placed in classes, the registration process will be opened up to new families interested in joining. If you miss the scheduled registration day for existing members, you will register in a first come- first served manner with the new families.
- If you decide to withdrawal from Veritas Homeschool Co-op, you will lose your place of seniority. Should you be accepted to rejoin, you will be assigned a new membership date.
- If changes are needed in a student's class schedule, a request must be made no later than six weeks prior to the start of the pending trimester.
- There will be no change requests accepted after the six-week cut-off date unless deemed necessary by the registrar
- After registration is complete, if a teacher wishes to not teach a class he/she committed to, it will be up to that person to find a replacement which will be subject to approval by the Registrar.

Finally, our best laid plans are sometimes interrupted with unavoidable circumstances. If we should lose a teacher intended to lead a particular class, the newly assigned teacher may choose to change the curriculum or add a class fee. We do our best to minimize the changes, but some differences will unintentionally occur. Please realize that this is a team effort, and we not only need everyone to respond as a team but also be understanding in the process.

Flow Chart of the Registration Process:
