

# CHEC

## Christian Home Educators Connection

### Blessed to Homeschool

Homeschooling helps you increase quality family time, customize your child's education, build your child's spiritual armor, and grow your child's capacity to be the hands and feet of Jesus.

### Quick Facts

Most homeschool moms have never taught in a school setting, yet they excel. Curriculum options to fit your child and family are exciting and abundant.

You may still choose for your child to have ACT, SAT, PSAT, CLEP, AP, and achievement testing opportunities as you see a need.

Many homeschooling families juggle homeschooling due to flexible scheduling, homeschool group opportunities, networking with other families, co-op classes, and supplemental online curriculum opportunities.

Many colleges actively recruit homeschoolers!

### What CHEC Can Mean for Your Family.....

Christian friends	Bees & Academic Competitions
Social opportunities	Fine Arts Festival
Community service	Yearbook
National Honors Society	Senior Class Social Experience
Chess Club	Dances/Formals
National History Club	Animal Science Club
Science Fair	Beta Club
SoundCHEC Choir	Formal High School Graduation
Student Government	High School Book Club

### Parent Driven Model

Parents prayerfully choose Curriculum, plan the schedule, and choose extracurricular activities. This is an opportunity to match the curriculum to the child's interests, learning styles, and gifts. It is also possible to insure that your child is exposed to curriculum that reinforces a Biblical worldview and your family's values.
