

## **Frequently Asked Questions:**

### **Q. Where and when do you meet?**

A: We primarily meet weekly on Thursday mornings at Crossroads Church in Forest Lake. Some of our sports activities meet outdoors at a nearby park. Some activities, such as Family Night Potluck and Celebration Night, are on Friday evenings. Our mom's support meetings are once a month on Tuesday evenings. Additionally, some families plan field trips or get together outside the usual Thursdays mornings. We encourage families to get involved with these extra activities, but they are optional.

### **Q. What are the volunteer requirements?**

A: Our volunteer requirements are very low. There are a variety of ways that the moms (or dads) can contribute to help the group run smoothly. Everyone in the group contributes in some way that benefits all members. This can include doing clean up afterwards, organizing activities like field trips, yearbook, teaching a class, planning/hosting a youth or parent activity, setting up/taking down after our family nights, be a helper during sports, etc. Members are expected to volunteer where they can. While some families contribute larger roles than others-our goal is to make sure everyone pitches in where they are able. Typically, the more you invest yourself in a group the more you will get out of it.

### **Q. Can I drop my kids off at JUBILEE and pick them up when it is over?**

A. No. Parents are expected to stay at activities. They are encouraged to develop friendships and find support from other homeschool parents while their children are participating in activities with other children.

### **Q. Who teaches the sports that are offered?**

A. Some are taught by a hired coach, and some are taught by parents in the group. Since the group can be large, some of the sports also depend on parent helpers to assist the coach. The cost for the sports is already figured into your registration and semester fees, they are not an additional charge.

### **Q. What types of sports or classes are offered?**

A. The sports offered changes slightly year to year. In 2019-2020 we plan to offer soccer, floor hockey, basketball, gym games, indoor track n field, and flag football. These are not competitive level sports, but at a level that keeps it fun for kids of all ability levels to participate and have fun together. The basic rules and skills needed to play the game are taught, and then kids play the sports. Similar to phy-ed type classes. The main focus is on building relationships with one another.

One of the moms is also planning to teach a government class for the older students.
