

Reach More Families with HAHA

The information hub for homeschoolers of central PA

Celebrating 30 years of dedication to homeschooling families

Do you offer a service or product that is of potential value to home educators in central PA? Are you looking for ways to share that information with those local homeschooling families?

The Harrisburg Area Homeschoolers Association (HAHA) is known as the “information hub” for home educators in this area. Established in 1987 and continuing to grow exponentially each year, HAHA has an average of 9,000 website hits a month and a membership base that reaches close to 800 students. HAHA’s facebook page contains another 200+ families in addition to our regular group membership. Recognizing HAHA as a conduit for information, area businesses actively seek out the opportunity to partner with our group. It is our pleasure to present to you some ways that you can do that. Contact Jamey at hahaofpa@live.com or 717-712-5352 to sign up or for more information.
