

Music:
Grades K-1
Course Syllabus
2026-2027

Course Objectives:

- Listen, sing, and learn about reading music
- Gain knowledge and skills in melody, tempo, and rhythm
- Learn how to read music notes using the Easy Notes method
- Enjoy music

Course Components:

- Reading books about music or reading to teach music concepts
- Understanding quarter notes and eighth note rhythms
- Singing simple melodies using Sol Mi and La
- Begin reading notes c d e f g a and b

This course is a fun introduction to music. We will meet only once a month to sing and learn about music and how it works. Additionally, I will send optional information after each class with additional resources you can use at home. Specifically, I will send information and videos using Carnegie Hall's Musical Explorers Program for grades K-2 where you can learn about different styles of music.

Course Materials:

- None required
