<p>We allow parents to choose the best path through high school academics for their student. The following classes are available buffet-style. However, the order they are presented in is the recommended order. The number designation before a class name represents the most common grade levels.</p>				
<p>The most common pairings of history and language arts classes are those in the same rows as each other; however, you may mix and match the classes for grades 9-12.</p>	<p>It is recommended that 8th graders new to FAITH take the Elegant Essay class if they have had no previous essay instruction. Essay skills are an essential component of FAITH language arts in grades 9-12.</p>		<p>For classes Algebra 1 and above, these will be taught two days per week. First class meeting is on our regular co-op day, and second class meeting is virtual toward the end of the week (exact day/time TBD).</p>	<p>For 2023-2024, 8-9 Physical Science will be added, which may be counted as a high school credit for Integrated Chemistry & Physics.</p>
