

# T.O.R.C.H.

Texarkana Organization for Resolute Christian Homeschoolers

**AUGUST 2018**

## A Note from Your President

Plans, plans, plans...What are your plans? What will homeschool look like for you this coming year? Have you been homeschooling for years? Have you been homeschooling just a few years? Or is home-schooling totally new for you?

If you've been homeschooling for years, and a member of TORCH, it's great to have you back. We look forward to another year together. You are an asset to TORCH. You are an encourager and sometimes, like me, you will need encouragement when times are hard. If you just pulled some children out of school, very likely there will be some hard days when you might want to pack those little angels back on the bus. That's when you need such a support team as TORCH. That's what we are, a homeschool support group.

Maybe you are excited to begin for the first time or even don't know where to start. We are praying that you will find the support you need here at TORCH to become what our name describes:

Texarkana's Organization of Resolute Christian Homeschoolers.

Blessings in Christ,

Your President,

Kim Bragg
