A Note From Your President

I am sure some excitement builds as book orders come in. My daughter talked about the excitement at seeing new books for the new year. I always tried to include an educational game or some exciting new art equipment as well, if at all possible, to make starting back to school exciting. Someone asked the other day, if we schooled year round or started on a certain day. I thought in my mind YES and YES. I do stop doing regular school days, but we are always learning and working on keeping the learning fires burning. Thanks to everyone who has already volunteered to serve as a board member, and we appreciate each person who does anything to make TORCH the wonderful group it is.

Blessings in Christ,
Kim Bragg
