

Cycles for High School Classes

High School (9th - 12th Grades):

Science

We will continue cycling through these sciences every three years.

- Biology
- Anatomy & Physiology
- Chemistry (2026-2027)

Some years we may offer additional sciences, such as Marine Biology or Physics.

History

We will use the following cycle which will repeat every 3 years.

- World History (2026-2027)
- American History
- Government/Economics

Electives

**Electives are subject to change, depending on availability of teachers.*

***Usually HS electives are taught by an outside, paid teacher.*

We plan to have the following 4 year cycle and then repeat:

- Apologetics - Starting Points
- Apologetics - Understanding the Times (2026-2027)
- Personal Finance/Entrepreneurship
- Speech/Digital Information Technology
