

To maintain a safe, respectful, and organized environment, TAG has established the following policy for all visitors (any person who is not a currently registered TAG parent or student) :

1. Approval Requirements

- All visitors must obtain **prior approval from the TAG Coordinator** before coming on campus.
- Any visitor wishing to **participate in a class** must also receive **prior approval from the class instructor**.

2. Sign In

- All visitors must sign in at the front check-in desk upon arrival and wear a name tag that is clearly visible during their time on campus.

3. Supervision

- **Student visitors** must remain in the **continuous presence of their guardian** at all times while on TAG premises. Guardians are responsible for supervising and ensuring that their visitors comply with all TAG policies.

4. Conduct Expectations

- All visitors are expected to adhere to TAG's **rules, code of conduct, and dress code**. This includes demonstrating respectful behavior, wearing appropriate attire, and aligning with the values and expectations of the co-op community.

Failure to comply with this policy may result in a denial of future visit requests or dismissal from the premises.
