

SOY WAX is a natural product grown by American farmers. The oils are extracted from soy beans and formed into white wax flakes which when melted and poured into containers burn longer and cleaner than traditional paraffin candles.

Every jar candle contains either a hemp or cotton natural wick. Soy wax cleans up easily with hot soapy water for ease in re-use of your candle containers.

### Fragrance Description and Candle Color:

Apple Pie: (Red) Apple Cinnamon and a hint of a buttery crust make this a delightful choice for anyone who favors baked good scents.

Creme Brulee: (Tan) Mega Hit in it's first release last year. Sweet caramel and cream.

Pumpkin Pie Spice: (Soft Orange) Tradition demands pumpkin pie at Thanksgiving. However, why limit the delight of these spices to such a short period of time? This one is very popular with repeat customers.

Candy Cane: (White) You can taste it when you smell it. Fresh sweet peppermint!

Christmas Cabin: (Red) Oh...this is hard to describe but let me try. Pine, Bayberry, Cookies and all things Christmas are in this candle. A Holiday Celebration in a jar.

Spiced Cranberry: (Cranberry) A festive scent that is quite spicy but has a lovely fruit influence. This candle has a wonderful scent throw both cold and while burning.

Hot Chocolate: (Brown) Everyone needs some chocolate in their life! This candle delivers!! With an unbelievable scent throw that is complete while softly yummy.

French Vanilla: (White) A sweet and pleasant take on vanilla. Traditional but fresh and new all at the same time.

Orange Clove: (Orange) Beautifully blended citrus and spice.

The clove is a wonderful compliment to the orange overtone.

Balsam: (Green) A gentle take on that typical Christmas Tree fragrance blended with a touch of French Vanilla to sweeten it a bit.
