

PACHEK Kindergarten Graduation Guidelines

In recent years PACHEK has begun a tradition of a simple graduation service honoring their kindergarten graduates. *This service includes, but is not limited to, a photo slide presentation for each student, the opportunity for each student to share something they've learned that year, the presentation of a special certificate from PACHEK, and refreshments immediately following.*

We ask that if you are interested in participating that you follow the guidelines below:

- Each family wishing to participate in PACHEK's annual K5 graduation ceremony should be members in good standing by November 1st of the school year of graduation.
- Each participating family should be actively engaged in homeschooling their child.
- Families wishing to participate should complete the form found below and submit a \$15 fee to PACHEK by March 1 of the graduating year. This fee goes toward a donation for the host facility and as well as for refreshments at the service for all graduates, parents, siblings and invited guests. PACHEK will also donate up to \$75 toward this event as well.
- Families not meeting the above requirements may appeal to the Steering Committee for an exception (ie: a family just moving into the area, etc.).
- Parents of graduates will meet or discuss via Facebook or email with a Steering member by March 15 in order to give their input and finalize the details for the ceremony (dates/times/refreshments/etc).
- Each kindergartener will be provided with a (green) mortar board to wear for the ceremony. No other special attire is required. We ask that you please turn the mortar board back in after the ceremony as we will use them again the next year.
- Families are welcome to send their own invites to their family and friends to attend the service.

Kindergarten Graduation Participant's Form
