Online Dual Enrollment for College and High School

There are more online College Dual Enrollment opportunities for high school students than what this handout can review. Please check with the college of your choice. Many Christian Colleges have online dual enrollment options for their freshman level courses.

<http://www.collegeplus.org/> Allows a student to earn an accredited college degree using credit by examination, self study, online courses and an educational coach to assist the student and parent in the process. Some majors require on-campus coursework. These courses may be started in high school.

<http://uaearlycollege.ua.edu/> University of Alabama dual enrollment program for all general education courses. Credits are transferable to any public college or university in the state.

<http://www.troy.edu/etroy/accelerate/> Troy University online dual enrollment for freshman and general education courses. Credits are transferable to other Alabama colleges and universities.
