DEVOTIONS

10:00am-
10:45am

Mini Woodland

A spin off of your acorn villages from a few years ago, you get to create small projects each Wednesday to take home! Maybe it'll be a bed for a squirrel, a stove for a chipmunk, or a truck for a mouse! Your imagination will be your limit with this class! (Students are recommended to gather supplies from nature in the fall!)

10:45am-
11:30am

STEM

Back by request for another year of fun, Miss Aileen will put your brain to the test with STEM projects! Focusing on science, technology, engineering, and mechanics, you might learn about kinetic energy or the difference between thrust and lift. Some of the projects might be the same, but your imagination is really the limit - put your ideas to the test!

15 min recess

11:45am-
12:30pm

THEATER

ACTION! As always, you are invited to join Miss Kristina and Miss Natalie on another special theatrical adventure! You won't want to miss what they have up their sleeves. It's an amazing experience to be part of a team that has one goal in mind: an awesome production. You'll learn stage positioning, teamwork, voice projection, and of course, you'll get to spruce up your acting skills. Don't forget about your costumes!

OR

Storybook and Felt Characters

Do you know how to play pickleball? If you don't, that's ok! Miss Angie is excited to guide you through the rules and techniques to help you become proficient in this sport. If you have a pickleball paddle, bring it along! We will end the semester with a friendly pickleball tournament.
