

Service Task Assignment Ideas

Service Tasks are exclusively for the participation of HGK members only and considered one of the benefits of your HGK membership. Though you can charge members for supplies they will need to participate, you may not charge for your labor, as this is the way you are choosing to bless HGK members with your time & effort.

You will be asked to choose three (3) tasks you could do. The following list contains **suggestions**. We highly encourage members to create their own service task by tapping into individual interests and talents. Be creative and bring something new to the group!

To design your own alternative service task, it will be subject to approval by our Member Care Administrator, and must meet the following guidelines: 1) The suggested activity is for HGK members only and 2) **Planning** the activity should require a minimum of 2-3 hours.
