

NATIONALLY-ACCREDITED STANDARDIZED TESTING
in your community.

A SERVICE OF CLASSICAL
CONVERSATIONS®

Any homeschool student, whether enrolled in a Classical Conversations community or not, may test with Homeschool Testing Services. We have been facilitating standardized testing for groups of homeschool students since 2008. In 2016, 10,000 students tested with us in 300 on-site locations and 100 online testing events. Well qualified and experienced Test Coordinators and proctors contract with us to provide you a relaxed and easy testing experience.

We will continue to offer the CTP from Educational Records Bureau (ERB) at select locations. Long recognized as a rigorous assessment in private schools, the CTP will now be available for homeschool students at on-site locations, exclusively through Homeschool Testing Services.

The Comprehensive Testing Program (CTP) is a rigorous assessment for high-achieving students in grades 3–10. A new feature for families who have previously tested with Stanford is the verbal and quantitative reasoning subtests, which are part of the CTP beginning in third grade. Measuring quantitative reasoning as well as content-specific, curriculum-based performance gives your family a more well-rounded assessment of your student's abilities.

We're excited
about testing!

On the day of testing, you will need:

- ❖ **Printed confirmation of your registration**
- ❖ A ruler with cm and inches
- ❖ Two #2 pencils
- ❖ A 4-function (addition, subtraction, multiplication, and division) calculator if in 9th–12th grade
- ❖ A book or something quiet to do in case you finish early
