

NATIONALLY-ACCREDITED STANDARDIZED TESTING
in your community.

A SERVICE OF CLASSICAL
CONVERSATIONS®

Any homeschool student, whether enrolled in a Classical Conversations community or not, may test with Homeschool Testing Services. We have been facilitating standardized testing for groups of homeschool students since 2008. In 2016, 10,000 students tested with us in 300 on-site locations and 100 online testing events. Well qualified and experienced Test Coordinators and proctors contract with us to provide you a relaxed and easy testing experience.

The Stanford 10 National Achievement Test (SAT10) is a nationally recognized test used by educators across the United States, particularly in private schools and home schools. As a norm-referenced test, the Stanford 10 not only offers home educators information on their student's achievement, it also provides comparisons based on nationwide test results. The first version of the Stanford Achievement series was published in 1926. Its history, academic rigor, and ability to meet most states' testing requirements have earned its acceptance as a nationally normed achievement test.

We're excited
