PURPOSE

The purpose of this policy is to define the forms of dancing that are acceptable for CFS sponsored events. Because dancing can be a difficult and controversial issue in Christian circles, this policy was developed in order to respect the differing views of CFS membership while facilitating an atmosphere that promotes Christ-like behavior and brings glory to God.

DEFINITIONS

Board of Trustees or Board: the body authorized under CFS bylaws to make governance decisions on behalf of CFS.

PROCEDURE

Because we desire to promote and maintain the highest of Godly standards in our students with a social environment that fosters the principle of doing all things decently and in order while manifesting the fruit of the Spirit of self control, the only types of dancing that will be allowed at CFS sanctioned events will be: line dancing, English country dancing, square dancing, or other choreographed types of dancing, as approved on a case by case basis by the Board.
