COVID19 Exposure

If a household member tests positive for COVID-19 directly after attending a recent HFH function, you should inform the HFH director immediately. HFH will then inform members (without using names). HFH will then expect the affected family to decide on an individual basis their own course of action regarding notifying people who the COVID positive person was in direct contact with. The infected person will not be permitted to HFH events for the number of days recommended by officials at the time.

HFH Is Free of Liability

Holy Family Homeschoolers, its members, and anyone associated with HFH, are not liable for the contraction of COVID-19 by any HFH family member or another person who comes to HFH meetings or activities.
