

## ***Parent Agreement***

As a parent of a child in the Cornerstone program, I agree to the following:

I understand that I will not be relinquishing my responsibility as the primary educator of my child(ren) for the courses taught at Cornerstone.

I understand that I am expected to notify the teacher if my child(ren) are having difficulties with their assignments. If I am concerned with the amount of work assigned or question the necessity of an assignment, I will first discuss with the teacher rather than alter the assignment.

I understand that the Cornerstone program is not an oversight program and that I am responsible for reporting directly to my oversight program.

I agree to oversee my child's work, encouraging them to do their best. Realizing that one class per week may not be enough instruction for my child(ren), I will make myself available to give the assistance and instruction they require to successfully complete their assignments.

I will read all the information I receive from the Cornerstone program.

I will fulfill all of my volunteer requirements. I will arrive no later than 10 minutes before my scheduled service time. I will find a substitute if I will be absent.

I bring to Cornerstone a servant's heart, realizing that I may be needed (or called upon) to help in an area that is not my scheduled service requirement. I will make every effort to help during these times.

I understand that if my student's assignments are frequently missing from his or her classes, frequent tardiness or absence causes a disruption, or other disruptive behavior occurs, I will receive a written warning letter from the Board of Directors. If the behavior fails to change after that written warning, I understand that my student will not be allowed to return to Cornerstone for the remainder of the school year.

I understand that unless full payment is made by the first day of classes or I have made other arrangements with the Board of Directors, my student(s) will not be able to attend classes.
