

Attn. High School students & Parents - this would be an excellent event for you to attend!

This is an excellent event for you to attend as part of your American History and American Government programs and in celebration of Constitution Day, 2023. Professor William Wagner, a former judge, and practicing attorney is also one of the co-founders of Salt & Light Global, a non-profit organization that seeks to rebuild nations and cultures one person, one family, one church, and one community at a time! (Isaiah 61:1-3). He is energetic and passionate about our Christian responsibility to be engaged and involved in maintaining the wonderful freedoms we have that protect our judeo-Christian values and the liberties afforded us in the constitution. You will not want to miss this program! William and Marilyn have also homeschooled their four children, and are now enjoying the privilege of being grandparents.
