Overview of PERFORMING ARTS (Grades 6-12)

Tutor: TBD

Supply Fee: \$15.00/semester

Supplies: Some simple costuming may be required. More information will come as skits and performances are chosen.

(Cost and parents' time will be kept minimal. If additional supplies need to be purchased beyond what are covered by the Supply Fee, the tutor may consider fundraising opportunities. Additionally, parents are welcome to donate costuming supplies.

Class Overview: This class will cover a wide range of information and learning opportunities that will culminate in a year end performance. Students will explore theater production from “page to stage” through script writing, producing, acting, costuming, stage managing, props, and running tech. The skills learned will include character analysis, movement, projection, enunciation, creativity, problem solving, and collaboration. While the possibility for some music experience exists, this will not be a focus of the 2023-2024 Performing Arts class. All levels of skill are welcome. Homework will be minimal but will include script memorization and any projects assigned to aid in the year end presentation.

Student Evaluation: Students will receive a letter grade each semester based upon participation and completion of assigned projects.

Grading Scale

90-100%	=A
80-89%	=B
70-79%	=C
60-69%	=D
Less than 60%	=E
