Overview of MAD SCIENTIST Lego Madness (Grades 6-8/9)

Tutor: Mrs. Tammey Szymczyk
(517) 202-4409
tammeys333@gmail.com

Textbook: None Required

Lab Fee: \$15.00/semester

Course Description: Mad Scientist - Lego Madness is a hands-on, enrichment level science class which highlights STEM learning with Legos. Interactive learning that teaches teamwork, communication, organizational skills, constructive problem solving and lateral thinking. This class will inspire adventure and experimentation leading to student's better focus and concentration. Inspire and develop the builders of tomorrow by enabling every student to succeed.

Preparation: Includes timely arrival, folder, paper and pencil.

Assignments: Design challenges and minimal homework.

Student Evaluation: Student will be given a letter grade each semester. This grade will be based upon how well they do on their in-class presentation (experiment) as well as participation and attitude in class.

Grading Scale

90-100%	=A
80-89%	=B
70-79%	=C
60-69%	=D
Less than 60%	=E
