

Date the 8: WEST Parent Service Program

The success of WEST is based on its Tutors, Students, Families, Team. Parents are key to what happens on class days and behind the scenes.

WEST creates community with parents through volunteering on and off site. Students are known and cared for with parent presence. Friendships grow and fun is had with everyone!

There are seasons of life being full with other commitments and time spent: work, kids at home, church, health, parents/grandparents, etc.

We understand this at WEST and make a way for all of it. Read below and determine what fits your life best at this time.

Sign up for your volunteer credits early to get them in and choose the timing, event, etc. that works best for you.

NOTE: Parents with student/s ONLY in PSEO courses are exempt from the Date the 8: Parent Service Program fee

WEST trusts God's provision of our needs and yours ~
