Course Description:

This class is designed to help your student overcome their fear of speaking and become confident orators! Life is filled with public speaking opportunities both big and small. Whether it is speaking up at a neighborhood homeowner's association meeting, sharing about God's goodness in Sunday School, or pitching an idea at a work board meeting, the opportunities abound. Being an effective, confident communicator is a valuable skill to have.

Studies show that children who learn effective public speaking skills rise to the top 5% and are selected for advancement by teachers, employers, and communities. They're better equipped to live with confidence and grace, to reach their goals, and to have eternal impact.

Through speech and debate, students learn logic, analytical reasoning, critical thinking, teamwork, interpersonal skills, and have a broadened life experience. Home school speech and debate is about being effective, godly communicators capable of bringing about change in the world around us.
