

# Valley Faith Co-op 2018-19 Course Catalog

Classes will be held at Monument Bible Church

4124 Ave. I, Scottsbluff

**Always Thursdays**

**2018: September 20, October 4, 18, November 1, 15, 29**

(Mid-year/Christmas Program)

**2019: Jan 17, 31, Feb 14, 28, March 14, 28**

(possible make up date-April 11. Final Program-TBD)

**Don't forget to mark your calendars! Co-op student registration will be opening at noon on:**

--August 22-25 (Wed-Sat) Teacher/Co-Teacher Families Registration

--August 27-Sept 1 (Mon-Sat) Open/General Families Registration

**\*Remember, you need to be a VHSA member to register for classes, so have that done first!**

To register go to: [valleyhomeschool.org](http://valleyhomeschool.org) and click "Member's Area." Log in (with your new password you picked or that was emailed to you), click "Valley Faith Co-op," click "Class Registration."

## Registration Reminders:

- You will NOT be able to register until your VHSA membership form/fees (\$25) are in, so PLAN AHEAD!!!
- Many classes run full year, but students may switch at semester time or stay all year! These classes are in non-bold. Other classes are strictly full-year, and a few are 1 semester long; these are in **bold**. Watch these as you register. Enjoy the extra options!!!!
- One Parent/Parent Rep must fill out a registration also. This is where you will sign up for volunteer positions, chores, and which semester-end program you will help set-up or clean-up.

**MANDATORY Co-op Orientation Meeting:** This meeting is REQUIRED for Co-op families so we are all on the same page. Two options will be scheduled a week or two before the first day of classes. Be watching your email for details.

For all classes, preference is given to: children of current year teachers; children of the appropriate age; and fully paid registrations. Teachers and private instructors may decline lessons or classes for non-payment.

## Important Reminders:

- Absences: We understand things happen that are out of our control and cause us to have to miss co-op. However, when you sign up for classes, please remember that your child is taking a seat in a class that another child may be on the waiting list to join. Teachers are also investing their time and resources. So, please treat the time and sacrifice of others with respect. If you are going to be absent, please email us at [rancherjen@hotmail.com](mailto:rancherjen@hotmail.com) with 24 hours notice, or call or text Jen Lerwick at 308-641-7219. Please note the names of who will be filling in your volunteer positions in your absence.
- Volunteering: Parents (or the parent representative) will be asked to volunteer while their children are attending class. We strongly urge (ok, require) volunteering all but one period of the time you are on campus (example: kids taking 5 periods of classes, parent volunteers for 4 periods), as well as signing up for one clean up or set up chore, and one special program (Either Christmas or Spring) set-up or clean-up crew. *This is an important part of what makes this a "co-operative."*
- Assembly: We will have an assembly time before classes begin each co-op day. This is an important time for all of us to connect and to share announcements.
- Be sure to read through our FAQ pages. If you have any other questions, please feel free to contact us at [vhsacoop@gmail.com](mailto:vhsacoop@gmail.com).

## High School Classes

All "High School" classes are high school level classes. The age requirement for high school classes are that the student must be age 14 or older BEFORE registration. All classes are strict 14 and up, unless the teacher notes that they can include younger students (either the curriculum applies to younger students also or the teachers are willing to provide younger students with their level of knowledge). The reason for this is so that we can keep high school level quality without having to accommodate younger students, and the high schoolers can get what they need on their level of intellect.

## 9:00-9:10

Arrive and get settled in the sanctuary - Get your supplies to your classes, family basket in the hallway, lunches to the kitchen fridge if needed, and get your coffee... all in time to be ready for announcements at 9:10!

## 9:10-9:25

Morning Assembly in the sanctuary -- attending assembly is one of the best ways to know what's happening at co-op and to get connected with our homeschool community. It is especially vital for parents to attend assembly!!

## Preschool Academy - 9:30 to 11:55am

This group of classes has been put together to help both our little ones too young for classes and parents of those littles to be able to enjoy a learning/social first look at co-op! We hope that by offering these classes, co-op can still be a fun family experience. We look forward to having your children this year! All we ask is that 2 year olds be 2 by April 6, 2018 to join classes!

These classes are offered as a block enrollment. The different class descriptions are to let you know who will be teaching your child each half hour as they rotate through the 4 classrooms. The children will be divided into 4 groups, and they will rotate through their classes every half hour, just like the big co-op kids do, but with a leader who goes with them from station to station, so parents don't have to pick up and drop off kids every half hour from room to room. Please read the course descriptions carefully, and pay the teachers their fees directly as with any other co-op class. Registration in Preschool Academy is for the entire morning; you may not pick and choose the preschool classes that your children are registered for. Maximum 14 two and three year olds. Maximum 20 four and five year olds.

Total class fees for preschool are \$35 covering supplies and snacks. This is payable to our Preschool Coordinator: Lacey Wiles, 417-372-1309; [fullnessofjoy@hotmail.com](mailto:fullnessofjoy@hotmail.com)

- Letters and Sounds (Zoo Phonics): we will work on learning to recognize letters and what they say;
  - taught by Marcy Thomalla and Nickole Sandoval
- Storytime / craft time: fun stories with a craft that helps them remember what they learned;
  - taught by Jennifer Howard and Angelique Sprock
- Sensory Fun: We will help your littles explore learning using eyes, ears, fingers, toes and noses,
  - taught by Sue Clapp and Darcy Gustafson
- Music and Movement: learning to move with rhythm and music that's both fun and full of learning!
  - taught by Melissa McKean and Darlene Diederich
- Snack-time: mid-morning. Be sure to let us know about any allergies, as you may be required to bring special snacks.
  - Coordinated by Lacey Wiles

## 9:30-10:15

### **Character Traits Made Fun, Ages 5-8 (K-2), Cost: supplies, see below (full year or semester class)**

We will be reading Tales of Virtue stories as we learn about character traits such as cooperation, generosity, and perseverance. We will then be putting them to practice through in-class activities such as making a trail mix together with the items each student will bring, or a community service project such as a bucket of blessings for a sick person with supplies brought by the students. I will be gathering supplies, as well, to help complete what the children bring. Max 12  
Nicole Anguiano, 308-765-2581, [ncanguiano@yahoo.com](mailto:ncanguiano@yahoo.com)

### **Girls Club-Ages 5-9, Cost \$10/year or \$5/semester (full year or semester class)**

Girls NEED to talk and socialize with each other. This class will provide a structured setting where we can focus on building friendships and having "girl talk." The goal of this class is to not only teach and show the girls how special they are because they are made in the image of God, but also to teach them to look outside of themselves and learn to serve others with the talents God gave them. Min 2 Max 15

Bethany Robbins, 308-760-2188, [bethanyjorobbins@yahoo.com](mailto:bethanyjorobbins@yahoo.com)

### **Independent Reading & Journaling, Ages: any student who reads independently, Cost: \$2 for full year or one semester**

This class is for your independent chapter book reader. Each student will need to bring their own book to class. We will read quietly to ourselves for part of the class and journal/share with each other about what we are reading for the other part of the class. \*We will not be reading out loud to your student, so please decide if your student can read quietly on their own for about 30 minutes. (We WOULD be happy to help them look up a word they don't know in the dictionary or sound out a word though!) The fee will cover any journal worksheet printouts and notebooks for each student. Max 15  
Kathleen Flammang, 308-672-2267, kathleenflammang@icloud.com Co-Teacher: Jennie Hullinger

**Jr. Woodworking, Ages 5-12, Cost: \$5 for the book + \$14/year or \$7/semester (full year or semester class)**

Basic woodworking skills will be covered. We will make a toolbox and, if time allows, a second project. Students will be asked to provide their own screwdriver and hammer. Please label them. Additional supplies will be provided. Max 12  
Nikea Hoksbergen, 307-274-7367, hoksbergencurt@gmail.com

**Nebraska Ecology, Ages 8-12, Cost: \$0 (SEMESTER CLASS ONLY-will repeat 2nd semester)**

Students will get an in-depth look at the wildlife and ecology of Western Nebraska. Throughout the course, students will create their own journal and take-home journal prompts as homework to be completed before their next class. Each lesson will build on previous discussed ecological concepts, which will culminate in each student creating a final project on a Nebraska animal of their choice. Min 5 Max 12  
Amber Schiltz, 402-310-6137, amber.schiltz@birdconservancy.org Co-Teacher: Amanda Filipi, Wildcat Hills Nature Center, amanda.filipi@nebraska.gov

**Bullet Journaling, Ages 8 and up, Cost: bring your own notebook or journal (full year or semester class)**

Bullet journaling is a customizable and forgiving organization system. It can be your to-do list, your sketchbook, notebook, diary, and most likely it will be all of the above. It is an analog system for the digital age. Why have a journal? Notoriously famous people kept journals. People like Thomas Jefferson, Ralph Waldo Emerson, and Winston Churchill are famous for walking around with notebooks and pens, recording things they thought were of meaning to them. We will learn how to set up an index for your journal, and each class, we will work on customizable pages. We will sample different page templates, writing styles like calligraphy and other fonts, experiment with writing techniques and tools, including brush pens. Students will need a notebook or Journal-styled notebook of their choice. No other supplies are necessary to bring for the class but students are encouraged to bring their own pens to use, and I will have a variety of supplies that they are welcome to use during the class time. Min 3  
Mindy Lively, 308-430-3132, Joshandmindy@hotmail.com

**Counted Cross Stitch, Ages 8 and up, Cost \$4 for the full year or for one semester**

We will learn to read a pattern, differing stitches, and be completing one or more cross stitches. Cost is \$4 for materials. Students who have been in the class before are welcome to join and do more advanced work. Min 2 Max 10  
Pat Lossing, 775-530-2461, jntlossing@gmail.com Co-Teacher: Larissa Daugherty

**Puppet Construction/Performance, Ages 10 and up, Cost: \$18 (full year class)**

We will be constructing a puppet from scrap material and creating our own skit. You will need to have the ability to sew in class and follow instructions. We will practice the basics of using a puppet behind a stage. We need fluorescent material....such as old T-shirts. Everyone will need an infant shirt (farmer style) and an infant pair of overalls or overall shorts; nothing too heavy. We will be part of the end-of-the-year performance. Max 8  
Bonnie Woolsey, 308-436-2394, bonbonwool@gmail.com

**S.C.I.E.N.C.E., Ages 12-15yr, Cost: \$16/year or \$8/semester (full year or semester class)**

S.C.I.E.N.C.E.=S.eeing C.hrist I.n E.very N.ook and C.ranny on E.arth (and beyond! ha) I LOVE science because it shows again and again how AMAZING God is! This class will challenge you to learn more about our amazing God as we look at the world He created. We will study physics, biology, chemistry, etc. through fun demos and experiments, learn some Latin roots, and maybe even do some dissections!! Come see just how big our God is!!

Brandee Taffe, 308-783-5783-home or 631-2683-cell, cows\_r\_cute@hotmail.com Co-Teacher: Laura Leggott

**Racquet Sports, Ages 12 and up, Cost: \$0 (full year or semester class)**

Students will learn and play racquet sports including pickleball, touch tennis, and badminton. Will cover that basics of technique, tactics, and competitive play. Equipment will be provided. Min 8 Max 16  
Darren Emerick, 308-279-0509, lefthandeddog@gmail.com

**Microsoft Office 365 Word, Ages 12+, Cost: \$16-\$80 see below for details (full year class)**

We will be learning the functions of all the Word tabs in Office 2016. We will start with the basics though. We will dive into some of the developer tools. As we are learning to use the tools in Word, we will work on some projects such as, but not limited to, resume, events, cards, and brochures. The use of Office 2016 or Office 365 is mandatory as other programs will be set up differently. \*You have the option in this class to take it as a credit class (but it's not a requirement). If you decide to take it as a credit class, there will be approximately two hours of homework (one hour a week). On a transcript that will be ¼ credit hour. The cost of this class depends on a few factors. If you already have Microsoft Office 2016 or (Microsoft 365), then the class will be free. If you need to get a copy, I can rent Office for \$10/month. For that \$10, you can have up to 5 users. The class could cost from \$16-\$80 for the year, depending on number of people that sign up. If you are planning on taking the other Office classes (Excel and PowerPoint), there will only be one charge. (so... you can do all three for the same price). My plan is to split up the cost evenly between all the users (in Excel, PowerPoint, and Word), except for those who already have their own copy. (You will need to contact me as soon as you sign up and let me know if you will need a copy).

P.S. If you or your spouse works at BNSF, you can get Microsoft Office 2016 for \$10 for the whole program through perk spot. (: You do not need a laptop in class, but I would encourage you to bring one and follow along if possible. If you have any questions regarding this class, you can contact me at 308-225-0595. . Max 15  
Thea Boerkircher, 308-225-0595, boerkirchers@hotmail.com

**Handyman and Outdoorsman Class, Ages 12+, Cost: \$20/year or \$10/semester (full year or semester class)**

Join us as we explore various skills of the handyman and outdoorsman. This will include things like vehicle maintenance, hunting basics, camping/backpacking, and other handyman skills. Min 4 Max 12  
Benjamin Leggott, 308-641-1527, bleggottcr@gmail.com

## 10:20-11:05

**Choir, Ages 5 and up, Cost: \$10/year or \$5/semester (full year or semester class)**

Students will learn the basics of singing, including intonation, breathing, pitch, and rhythm in a fun and exciting way! Each student will get a CD to practice with at home, and we will perform several songs at the end of each semester. We will split into age groups during some classes, as needed, so all ages are able to learn at their level. Min 8 Max 25

**High School Speech, High School Only, Cost: supplies, see below (full year class)**

During this class, we will discuss how to write and deliver an 8-10 min speech. The students will be able to choose the type of speech they would like to write (informative, persuasive, etc.). Most of the work of writing will be done in class; however, the student may need to do some research on their own and then bring that info to class. The students will pick a topic of interest to them, so finding the information should be exciting and fun. Don't let the words "speech class" intimidate you! I am hoping to provide you with some useful tips and information to show you that it is not as hard as it sounds. Students will need to purchase a few of their own supplies to make posters (if they choose that option). Min 3 Max 10

**Healthy Me, Ages 5 and up, Cost: \$10/year or \$5/semester (full year or semester class)**

We will be learning about health as we make things like our own soap, fun things with food, and other activities. The ability to stay seated and follow directions is a MUST as we will be handling hot items (teachers) and cheese graters (students) as well as a blender. This course is loads of fun when safety isn't an issue. We will be making our own peanut or almond butter to eat as part of our snack, and there's almonds and coconut involved in another activity, so students with allergies who would like to take this class would need a substitute for those items. It would be really helpful if they could bring their own cheese grater when needed, and we'll be needing 2 small see-through bottles with lids per student, such as the smaller Gatorade bottles or water bottles. If anyone happens to have candy, jello, soap molds or the like that they can bring for our soap making, that would be of great help as well. Any questions, please feel free to call me. Min 3 Max 12

**Beginning Genealogy, Ages 10 and up, Cost: \$10 plus possible supplies (full year class)**

We will be following the 4-H Genealogy guidelines, so these could be entered as Fair projects in 2019. Students will begin to build their own family tree to three generations by use of family records which should be brought to the first class (i.e. COPIES of birth

certificates, marriage certificates, death certificates, baptismal records, photos, etc.). They will create their own Family Genealogy/History Notebook, along with a display board for a final project. Students will complete and present a book report on the country of their family origin. Homework will be assigned and students will be required to visit the library and do research. Areas of academics will include reading and research, book report and presentation, developing interviewing skills (if possible, interview older and extended family members), computer skills. Student must be able to be precise and accurate in their writing concerning data entry and information on family trees, pedigree charts, etc... into their Family Genealogy/History Notebook. **ACADEMIC SKILLS/INTEREST:** Explore family name origin or meaning. What are the maiden names of mother and grandmother, if known. Book report and oral report. Computer skills. Scanning old photos. Finding and investigating ancestors on US Census 1940 and below. Family heritage research, including history of mother country, economic reason for leaving, geography, language, occupations, military history and culture. Discover oral family history and document it. **SUPPLIES NEEDED:** Copies, not originals, of family documents, as stated above (facts must be documented). Display board for final project. *~ Frequently Asked Questions ~*

- **What is a homeschool co-op?** The Dictionary defines cooperative as an organization that is owned and run jointly by its members who share the profits or benefits. A homeschool co-op is a group of homeschooling families who come together to enrich their experience by learning from and with one another. Teamwork divides the tasks and multiplies the success.
- **With whom is the co-op associated?** Our co-op is parented by Valley Home School Association. VHSA is a non-profit organization whose purpose is to support the efforts of Christian home educators by providing opportunities for fellowship, encouragement, education & the exchange of ideas and information from a Biblical perspective.
- **How much does co-op cost?** Co-op, itself, does not cost. However, we do require that participants belong to VHSA, which has annual dues of

\$25 per family/per year (\$15 after January). Some classes offered require an additional fee by the teacher; those classes need to be paid directly to the teacher. We will have envelopes for each class on the first day of classes at the front table where you can put your check or cash for class fees. You can find our membership form on our website at [www.valleyhomeschool.org](http://www.valleyhomeschool.org)

- ***How and when do I pay for a class that requires a fee?*** Class fees (when applicable) will be paid directly to the teacher. You can pay them by putting it in their teacher envelope at the welcome table on the first two days of co-op (preferably the first day, as teachers have spent money to provide the class for your child). Please check off your child's name on the envelope so the teacher knows who has paid. If your child/ren have the same teacher in more than one class, you are welcome to write them one check and mark it on both envelopes. By registering for a class or private lesson which includes a fee, you are required to pay the full amount, regardless of attendance. All makeup lessons/sessions are to be worked out individually with the instructor. VHSA will not handle any cash outside of membership fees.
- ***Do I have to sign a statement of faith?*** Yes, we do require all participants and teachers to sign a statement of faith. You can find our statement of faith with the membership form on our website at [www.valleyhomeschool.org](http://www.valleyhomeschool.org).
- ***I'd love to join in on the fun, what do I need to do to register for classes?*** First, join VHSA by filling out membership information and paying the annual membership fee of \$25/per family. Browse through our course catalog, decide what classes would suit your children, and sign up! You can find the registration forms here: <http://www.valleyhomeschool.org>
- ***You know homeschoolers don't follow grade levels and segregated age groups. What if my kids want to be in a class for a different age?*** The placement of any student is at the discretion of the parents and teachers, with the teacher having final say. Please contact the teacher to have any age/grade exceptions approved **prior to registering** for classes.
- ***You offer a lot of great classes, but I can't be there all day. Am I required to do so?*** Absolutely not! The co-op exists to supplement your homeschool program. Schedule classes in whatever manner suits your family.
- ***Can I drop my kids off and go grab a coffee?*** We all have many caffeine needs. But as long as you have a child on site, you must remain on site. Unless, of course, you are offering to buy for everyone-then special arrangements can be made immediately. ;)
- ***Is lunch provided?*** No, lunch is not provided by the co-op. All co-op participants will be asked to bring along a sack lunch or provide their own lunch in some form. There will be a designated lunch break during the co-op day.
- ***Where can I be if I don't sign up for a class but I am still on site?*** In order to respect the students and teachers and to cut down on distractions, we ask that all students/parents not in a class stay in the foyer or designated quiet study area. We would appreciate if you would check in with the welcome table first to see if all absences are covered.
- ***I am a preschool parent and I am undecided about homeschooling. Can I register my kids?*** Yes, please join us! There are many classes that are perfect for preschoolers. Please fill out the VHSA membership form and register your preschoolers for any classes you wish for them to attend.
- ***I will be placing some of my children in the NURSERY; do I need to register them?*** Yes, please register all nursery aged children for the times you will be utilizing the nursery so we can properly care for your little ones. Our nursery is for children ages 0-2 whose parents are teaching or helping with a class during the time the child is in the nursery. The nursery will be open after the opening assembly from 9:30am-2:10pm (closed during lunch). (coordinator-Brittney Todd)
- ***What is a parent representative?*** Life happens and scheduling conflicts occur. We understand that there may be times where your children can make it to co-op, but a parent cannot. Should this occur, a parent representative can fill in for the parent's absence. Please make sure that the elected individual is 18 years old and listed on your registration form.
- ***What if my child has a discipline issue during a class?*** We're certain they won't. ;) But in the unlikely event this should occur, we will kindly ask the parent to step in as they will be required to be on site during the time the child is attending a class.

- **Can I help volunteer?** We actually prefer it! Parents (or the parent representative) who sign their children up to participate in classes will be asked to sign up to help volunteer while their children are attending class. Some examples of volunteer positions include: teachers, teacher helpers, bathroom/hallway monitor, substitute teacher, nursery, clean-up, and lunch room set up. Volunteer positions will be chosen online when you register. All families will be assigned one clean up task to complete before leaving for the day. If you are physically unable to complete your task, please contact Jen Lerwick (welcome table) or Laura Leggott (building coordinator).
- **What about accountability?** All classes will have at least two adults present in the classroom. Any doors without windows will remain open during class times. The only exception will be private music lessons, during which the parent of the child taking the lessons will be responsible for keeping an eye on their child's lesson.
