Early Childhood Classes

Upstairs Nursery

Head Teacher: Hanna Burns Babies to age 2

Tuition: \$10.00 (covers all three blocks)

This Semester will be fantastic! Moms don't you worry about anything. 'Your arms' will be like 'our arms' for these three hours of fun! Includes: cuddling, reading, coloring, crawling, playing, music, snack time, changing, bubbles, and even sleeping – We'll have it all! If at anytime your child needs you, you're only a click away.

3-5 Year Olds--Room 118

Tuition: \$20.00 (covers all three blocks)

Block A

Stories and Crafts

Teacher: Mandy Conklin

We will be reading some classic picture books stories like; *Blueberries for Sal*, *Make Way for Ducklings*, *Stellaluna* and *Corduroy*. Some silly stories like *Hippo-Not-Amus*, *The Hiccopotamus*, and *How Do Dinosaurs Eat Their Food?* Let's look at some all time favorites by Richard Scarry like *Cars and Trucks and Things That Go*. We will explore different types of crafts to go with our stories.

Block B

Sing, Dance, and Move!

Teacher: Susan Wood

This is a time for our preschoolers to wiggle and giggle and have fun with music and games. We'll keep them moving with classic nursery and Sunday school songs along with fun group games. We will also work on fundamental loco-motor skills such as balancing, kicking, throwing, catching, jumping, chasing, and more!

Block C

Playtime!

Teacher: Alisa Koehn

Children will explore fun hands-on play with puppets, trains, Legos, play dough, puzzles, dinosaur dig, plastic animal zoo, sensory boxes, pretend fishing and games.

Block A

Basic Building Blocks for Music II—Room 116

Teacher: Lynnette Thomas

Using rhythm and simple instruments as well as varied activities we will continue to explore rhythm, tempo, dynamics, melody, note and rest values incorporating simple singing and movement. Students will get 1-2 rhythm instruments to keep. New and returning students welcome!

Ages: 6-9

Homework: none

Max: 10

Tuition: \$16

How Cooking Works—Upstairs Kitchen

Teacher: Evie Macpherson

Co-teacher: Jennelle Marks

There are many things that a kid can make in the kitchen. This is a class that will focus on some healthy dishes that kids can prepare. We will learn about measuring and following a recipe. Reading and following the teacher's directions are needed for this class.

Ages: 6-9

Homework: None

Max: 8

Tuition: \$20

Drawing on the Right Side of the Brain—Room 111

Teacher: Jennifer Birch

This class is a continuation of our drawing class last semester. We will draw using black and white the first five weeks. For weeks 6-10 we will use colored pencils. New students are welcome. Each student will be responsible to bring their own drawing supplies and book.

Ages: 10 and up

Homework: 1-2hr/wk

Max: 12

Tuition: \$9

Science Fair!—Room 106

Teacher: Angela Baker

Co-Teacher: Crystal Taggard

Students will design and carry out experiments or research projects throughout the semester, and prepare their work for a Science Fair at the end of the term. We will learn the basics of the Scientific Method, how to design and conduct experiments, how to analyze data and basic statistics. Students will be guided during the Friday School hour, but will need to conduct much of their work at home each week. We will create presentation boards for their projects and host a Science Fair for the rest of Friday School at Presentation Night. Families will need to spend extra on supplies for the portions the kids do at home.

Ages: 10 and up

Homework: 1-3 hours

Max: 10

Tuition: \$14

Block B

Trip Around the World—Room 114

Teacher: Larissa Anderson

Co-teacher: Kora Martinez

Come join us as we take a trip around the world and visit 10 different countries! We will learn what people wear, eat and what people do around our fabulous world! “All aboard!”

Ages: 6-9

Homework: None

Max: 10

Tuition: \$20

PE—Fellowship Hall

Teacher: Jennifer Birch

Co-teacher: Silvi Ririhena

Come build strength and endurance. We will play games and have fun while improving our physical health. This is a great opportunity to participate in group games and use up some stored energy.

Ages: 6-9

Homework: none

Max: 15

Tuition: \$8

Bike Mechanics—Room 106

Teacher: Kristiana McCarthy

Co-Teacher: Sondra Blair

Be your own bicycle mechanic! We are going to learn all about how to maintain and fix our two wheeled freedom machines. This will be a hands-on class. Come prepared to get greasy and have a cooperative attitude!

Ages: 10 and up

Homework: None

Max: 10

Tuition: \$16

Rug Making—Room 111

Teacher: Crystal Taggard

Ever wondered what to do with all your old worn out clothes? In this class we learn how to turn these clothing rags into something useful, a rag rug. We will explore a few different types of rag rugs; braided, crocheted, shag, hoola-hoop. Each student will choose which style they would like to make and over the course of the class will complete their very own rag rug to take home. We will be listening to an audio recording of “Little House on the Prairie” by Laura Ingalls Wilder while we work on our rugs.

Ages: 10 and up

Homework: None

Max: 8

Tuition: \$18

Block C

My Monster Sewing—Room 109

Teacher: Sondra Blair

Co-Teacher: Kimberly James

Design, sew, and take home a stuffed monster. Will it be sweet or scary? You decide!

Ages: 6-9 **Homework:** None **Max:** 6 **Tuition:** \$24

Pagoo's Life in Tidal Zone—Room 116

Teacher: Lynnette Thomas

Read aloud picture book, Pagoo, by Holling C. Holling follows the life cycle of a hermit crab. Focus will be on science topics related to tidepools and God's creation found there. Class will include science demonstrations and invertebrate animal characteristics and classification. Students will complete notebooks.

Ages: 6-9 **Homework:** 1hr/wk **Max:** 8 **Tuition:** \$20

6 + 1 Writing Traits—Room 114

Teacher: Sandy Birch

This curriculum identifies and teaches the seven critical and specific qualities of well-written and interesting writing. We will focus one week on each of the traits: defining the trait, examining samples, discussing, then practicing the trait (in class and homework). Most students come into the class with trepidation, but quickly learn that writing is fun when they understand what writing is!

Ages: 10 and up **Homework:** 1-2 hours **Max:** 10 **Tuition:** \$12

Proverbs 31 Girl--Sanctuary

Teacher: Gina Bain

Co-teacher: Kora Martinez

Enjoy learning Scriptures from Psalms, Proverbs and others. Listen to Christian women guest speakers on Proverbs 31 and their own life experiences. We will also learn about manners.

Ages: 9 and up **Homework:** 1-2hr/wk **Max:** 10 **Tuition:** \$24

Physical Fitness—Fellowship Hall

Teacher: Angela Baker

Build up your strength and endurance in this class. We will work with weights, different exercises, fun games and relays. Prerequisite to attend: a willingness to push yourself and a desire to work hard.

Ages: 10 and up **Homework:** None **Max:** 15 **Tuition:** \$8
