

Required Documentation for Homeschool Evaluation

- **Documentation of Required Time**

Submit whatever means you have for logging or noting the days or hours of instruction for your student. The required time does not have to be completed by the date of evaluation, but it must be completed by June 30.

- **Standardized Achievement Test Scores**

For students in 3rd, 5th, and 8th grades

- **Documentation of Required Subjects**

Complete the Subject and Book List form, available to be printed from the website.

- **Samples of worksheets, tests, etc., produced by the student during the school year.**

- Not all subjects need to be represented. Subjects that do not produce paperwork are not required to be represented among the samples.
- Please divide the samples of work into subject areas and in the order of the Subject and Book List form.
- The evaluator needs to see a reasonable quantity of work in order to confirm that an education has taken place. Come prepared with a well-documented display of your child's accomplishments.
