

1. Daily Lesson Plans

Below are sample lesson plans from a third grade student's week. Your plans can be more detailed or less detailed depending upon your needs. Lesson plan books are sold for this purpose or lesson plan sheets may be printed from various Internet sites. You can also make up your own or write them in a regular notebook. The homeschool law also states that in lieu of daily lesson plans, you may also have a daily journal or daily log to record your work.. These are basically written accounts of the work you accomplish each day in paragraph form.

You may choose the method that best suits your style.
