# REVIVAL in the HOME

Families in America are under attack. Teenage rebellion, divorce, juvenile delinquency, emotional disorders, and relational dysfunction are way too common, even among church goers. Studies show that the majority of Christian youth abandon the Christian faith sometime around high school graduation. How can you have a Godly family in the midst of such a worldly culture? Israel will provide practical and Biblical answers. In this seminar, expect to learn how you can effectively disciple your children to know, love and serve God.
