Florida Gulf Coast University in Fort Myers, FL

is hosting their annual Open House

on Saturday, February 15th from 8:00am-12:00pm

Hundreds of high school students from around Southwest FL will be on campus to learn more about what the school has to offer. They will have many workshops available on admissions, financial aid, available majors, sports, clubs, and activities. They will also be giving families tours of their campus and student housing. Even if you or your student are not interested in FGCU, you will learn much about what FGCU has to offer so that you will be better equipped when you go and visit your child's "dream school". *Also, since FGCU is located in Fort Myers, you don't have to make a road trip, pay for a hotel room or buy meals on the road like you might need to do if your child's "dream school" is out of town.*
