Middle Grade ages 8-12 (Book One)

SHEA STONEBROOK is a typical 10-year-old girl from rural Pennsylvania. The problem is, she's a troublemaker. From not listening to her parents, acting badly in school, and everything in between, Shea is giving everyone a reason to give up on her. That is until one fateful day when an imaginative visitor decides to shape her point of view and offer her access to a place she never knew existed. In order to achieve success, she will first have to accept responsibility for her actions, and only then will she be granted access to each new magical ladder within a mysterious world of enchantment, understanding, and life lessons known as *The Great Green Tree*.

Unfortunately for Julian, his antics have landed him on *the list*...and familiar characters from the past have recruited Shea to become their spy in a quest to confirm their suspicions that Julian is a rotten kid. Now it's up to Shea—along with some old friends and fresh faces—to recognize and unlock the good in Julian within the mysterious *new* world of enchantment, understanding, and life lessons known as *The Great Green Tree*.

Isolated from populated society, far away from any major city, the four friends have no one to turn to but each other when they begin to suspect that the widespread hauntings and unexplained, supernatural phenomena that plague their town have a direct link to the Marathon Island disaster. Joining forces, the four lifelong friends set out to uncover the town's shadowy history, and decipher the clues guarding the secrets that will lead them to the truth of how White Tanks became a playground for mayhem and monsters.
