Important Information:

Students in grades 2 and 3 begin their testing experience with a pretest which familiarizes the student with how to mark answers and follow the teacher's instructions. Parents may remain with their student during pretesting (9:00 – 9:30am approximately), so please arrange babysitting for other siblings. If the student is not able to complete testing, \$25 of the fee is non-refundable.

Palm Beach County Home Education Evaluation Form: This form should be printed for each child from the School District's website. Please fill out the top portion and give to the teacher proctoring your student's test. If you cannot print the form, ask the teacher in your child's testing room for a blank one. *If test results indicate "no progress," I (Heidi) will call you immediately and will not file the form unless directed.* **If you are using testing for your own information, please check the "do not file form with PBC" option when you sign-up.**

*****Test Scores are Never Submitted.** To satisfy the Florida state law, Palm Beach, Broward, and Martin Counties provide a Home Education Evaluation Form, which I (Heidi) will submit. This form completes your annual evaluation requirement. Test scores and a letter of progress will be sent to you for your files approximately three weeks after testing.
