

Common Sense Christian Homeschool Co-op

Overview Information

We are a Christian Homeschool Co-op, and all member families will be expected to read, agree with, sign, and adhere to our Statement of Faith. All classes will be taught from a Christian Worldview with no apologies or exceptions.

All interested families must complete a Family Application Form for membership consideration. This application includes your church information and authorization to complete a criminal background check.

Our co-op openings are not filled on a first-come, first-served basis. We look at each family's makeup to see if there is a spot for each of their children before making a final decision.

We are an academic-based co-op offering Science, History, and an elective hour for students in grades 1-12. We also offer classes for younger students with academic instruction and activity time, as enrollment supports.

We are a parent-led co-op, and as such, each parent will be expected to facilitate one class and assist in one class. We do our best to place people in their area of gifting and experience; however, due to the structure of the co-op and classes offered, this isn't always possible. We encourage all parents to be flexible and willing to step outside their comfort zone. This is a very encouraging environment where we can all learn and grow together!

We charge a \$200 per family per year participation fee for the co-op. This does not include curriculum or special class fees (for example, art, home ec, gym, biology, etc). We also have a \$25 application fee to cover the initial background check.

We meet on Mondays for a total of 28 weeks during the academic year. This will be split into two 14-week semesters. Our day begins with a large group time at 9:15 am, includes 3 hours of instruction and a 30-minute lunch break, and our day ends at 1:00 pm. Each family will be placed on the cleaning rotation schedule to help clean the facility at the end of the day.

Please look over our Proposed Scope & Sequence to see the curriculum and classes we plan to offer.

For more information or to be placed on our contact list for upcoming information meetings, please email us at commonsensecoop@gmail.com.
