

Scholarship Fund:

Christian Family H.E.A.D. has a scholarship fund that we use for families that our members nominate.

Monies from this fund are used for field trips and activities that families might not otherwise be able to afford.

We have single-parent families who could occasionally use assistance, and families that might fall on hard times and need help.

Please feel free to nominate a family in need and also to give to the scholarship fund as a one-time gift or throughout the school year.

We have had great success since we started this program in 2009.

Help us make homeschooling a reality for every family that wants to educate their children at home.
