

# Imagine Greatness for your child

WHAT IF YOUR CHILD'S EDUCATION WAS AMAZING?

WHAT IF YOUR CHILD LOVED LEARNING?

WHAT IF YOUR FAMILY BECAME STRONGER THROUGH HOME EDUCATION?

It can be. Welcome to Classical Conversations—a home-centered, Christian education program that equips you to teach your child through resources and community support.

## **Me? Homeschool?**

You taught your child to walk, to talk, and yes, you can homeschool them too. At Classical Conversations, we believe parents can be the very best teachers to tailor their children's education. While the idea of homeschooling can be overwhelming, the tools and equipping provided by Classical Conversations can help you discover a supportive way to educate your children.

## **What is Classical Conversations?**

With Christ at the center of our efforts, we are a group of like-minded parents in your community that meet weekly. We share a focused curriculum as our core and lead our families through the materials at our own pace. Not only are we part of a local community, but we also are part of a greater collective of over 92,000 homeschoolers around the world. Classical Conversations is about community, equipping, Christ, and encouragement.

**How Can I Find Out More?** Come to an upcoming information meeting in your community to discover how great an education can be through Classical Conversations or visit [www.ClassicalConversations.com](http://www.ClassicalConversations.com).
