

*I want children to learn
and to enjoy learning. Life
is a joy, so should be
learning.*

Greene Academy

For a Christian Education

The Carden Method

Mae Carden opened the first Carden School in 1934 in New York City. The Carden Method is more than a phonics method but an interrelated curriculum that does not separate spelling, reading, grammar, math, science, and history. Carden believed in educating the whole child and teaches the student to critically think by teaching the child to read well, write well, do math, and know history and science.

Saxon Math

Saxon math will be used for the elementary grades. Saxon builds on skills and continuously reviews past skills so that students remember and can progress easily from one concept to the next.

TUTORING

.....
Tutoring is offered for \$50/hour plus the price of books. I am available for school assistance in reading, spelling, writing, math, science, and history.

ERIN GREENE

Erin Greene graduated from Texas Christian University in 1990 and received her graduate work in educational administration in 2011 from Saint Thomas University. She has over ten years' experience in teaching elementary and middle school. Furthermore, Greene has taught in public, private, and charter schools. Her desire is to assist families who are unable to home school due to their family situation.

Mission Statement: We are a Christ-centered school that believes Jesus Christ is the one true God. He was born a virgin birth, was crucified, died, and rose again on the third day. Furthermore, we believe that the bible is divinely inspired and is the one true book which guides our personal lives and our school!
